

## Air I Breathe

Youth Alive

Hold me in your arms  
Like a new born child  
Im desperate, lord for more of you

Touch me with your love  
Deep within my heart  
Im waiting, lord for more of you

May your words of love  
Wash over me  
May your songs of grace  
Cover me

More than the air I breathe today  
I need you  
More than the desert needs the rain  
I need you  
More than the air I breathe  
I need you  
More to live another day  
I need you lord
