

Here I Am

Youth Alive

This perfect love
You give to me
Compares to none
There has ever been
How can I give back to you
For all that you have given me

All you are
Is all I desire
Your gentle touch
Helps me survive
You're the air that I breathe
Heaven's gift to me

Take my heart
Take my life
Take all I am
I give it to you

This perfect love
You give to me
Compares to none
There has ever been
How can I give back to you
For all that you have given me

Take my heart
Take my life
Take all I am
I give it to you

Here I am
Before you I stand
No secrets to hide
I am yours
And you are mine
(2x)

Lord I'm in love

All you are
Is all I desire
Your gentle touch
Helps me survive
You're the air that I breathe
Heaven's gift to me

Take my heart
Take my life
Take all I am
I give it to you

Here I am
Before you I stand
No secrets to hide
I am yours
And you are mine

(2x)

Lord I'm in love

Here I am
Before you I stand
No secrets to hide
I am yours
And you are mine
