

# I Need You

Youth Alive

Here's my song to the one  
Who did set me free  
Jesus Christ God's own Son  
Yeah He died for me  
O Your way is my way  
Yeah the way for me  
And your face is all  
That I'm wanting to see

I need You in my life  
Guide my way and light my path  
Night and day in every way  
I need You  
Here we go

I hear Your voice  
And come running to that  
Sweet sound  
You called my name  
When I was lost  
And You made me found  
Now I walk in this love  
That You give to me  
More like You is all  
That I'm wanting to be

I need You in my life  
Guide my way and light my path  
Night and day in every way  
I need You

You picked me up  
You turned me around  
You put my feet on solid ground  
Night and day in every way  
I need You
