

Save Them

Youth Alive

Lost, dark, hurting world
Yearning for answers
Left nowhere to turn
Seeking truth and peace
Wondering why they can't find these
Sin, sin

Shattered hopes and failure
Filling their minds with
"You'll never do anything"
Drowning in despondency
Lost all their faith
Sinking down with their misery
Sin, sin

Lord save this broken humanity
Heal our land
Lord save this lost and dying world

Save them from going to hell

Why Lord can't they see
You are the giver of life and great peace
Open blinded eyes
You are the reason why we can be set free
You, You

He's calling and crying
And begging you please
Come be My child
Spend eternity with Me
Leaving behind things of your past
Look unto Me and give Me your heart
