

## Two Sides

### Youth Group

I'm looking for oblivion.  
Become the place where the horizon ends.

I am just flesh  
Sublimated my brain  
Made a mistress of lust  
And a slave out of fame  
And I have learnt my lesson.

There's always 2 sides  
There's always 2 sides  
You can't serve 2 masters  
You can't take 2 sides

I've been studying two doors.  
One says constancy, the other just says more?.

Have you come here to dance? To die? To die? To die?  
To dance? To die? To die? To die?  
To dance? Or to die? To dance? Or to die?
