

Crucial Times

Youth of Today

I'm glad to see the scene working so tight
A positive commitment we made to unite
But there's still one thing that bothers me the most
The rest of this world just isn't this close
End in sight We must fight Crucial times
There's a youth crisis
You better start to care
Hundreds of kids going nowhere
So many kids not in the scene
Let's spread our message
Tell them what we mean!
