

## Pushed Too Far

Youth of Today

Push us too far, gotta fight back  
Push us too far, our turn to attack  
We gotta try, before it's too late  
Push us too far, you're choosing your own fate  
Walking around, think you're so cool  
Beating up kids, weaker than you  
Tried to avoid you, kept on coming  
Pushed us too far, gotta do something  
This time you pushed us too far
