

## We Just Might

Youth of Today

You come drunk to the shows  
Looking for a fight stumble my way  
Maybe we might  
Why do you act that way  
I can't guess take a look at yourself  
You're a mess you say you Wanna fight  
We just might  
Stoned as a zombie your eyes are red  
Head for the dance floor you're as good as dead
