

# I'm A Girl

Ysa Ferrer

Give me news, but not bad  
Do you love my shoes? With my bag?  
Wait a moment, I don't feel good  
Don't be insistent, I'm not in the mood  
You say I'm complicated

I'm a girl, like a girl  
Don't speak so loudly, be sweet, lovely  
I'm a girl, like a girl  
If I lose my temper, love me tender  
I'm a girl, like a girl, just a girl  
Like all the others

Give me new perspective  
Something else, something else to live  
A separation of body and soul  
A revolution, sexual  
You say I'm complicated

I'm a girl, like a girl  
Don't speak so rudely, be sweet, lovely  
I'm a girl, like a girl  
If I lose my control, don't let me fall  
Caus' I'm a girl, like a girl, just a girl  
Like all the others.
