

Rebirth

Yuck

Hold me down, in the sunlight
To sacrifice myself
I want your love I want you
Slide me down, deep like the ocean
To contemplate myself
I don't want your love
I want you hard , hard
I want you hard

Dropped in a maze
Of hopeless abandon
To understand myself
I don't want your pain
I want you
Sour sound
Echoes around me
And breaks me down inside
I don't want your pain
I want you hard, hard
I want you hard

Happy all the time
Happy all the time

Go down, I'd wanna go down
Go down, I'd wanna go down
Go down, I'd wanna go down
Go down, I'd wanna go down
