

The Wall

Yuck

Try'n to make it through the wall
Try'n to make it through the wall
You can see me if you're tall
You can see me if you're tall

Try'n to make it through the wall
Try'n to make it through the wall
You can see me if you're tall
You can see me if you're tall
Looking over

Try'n to make it through the wall
Try'n to make it through the wall
You can see me if you're tall
You can see me if you're tall

Try'n to make it through the wall
Try'n to make it through the wall
You can see me if you're tall
You can see me if you're tall
Looking over

And I know that I'm in space
And I know that it's not real
It's just the way that I feel
It's just the way that I feel

And I know that I'm in space
And I know that it's not real
It's just the way that I feel
It's just the way that I feel
Looking over

Try'n to make it through the wall
Try'n to make it through the wall
You can see me if you're tall
You can see me if you're tall

Try'n to make it through the wall
Try'n to make it through the wall
You can see me if you're tall
Well if you're tall, Looking over

Looking over
Looking over
Looking over
Looking over
