I fucked 'em all from models to center folds
To rented hoes in videos
Bitches in thinner clothes
I used to want to fuck the leader of En Vogue
Before the Benzo when I was 10 years old
Now I want to fuck Free
Take her from A.J. and Luda
Stick a dick through her
Pipe her down like Rotor Rooter
Make the bitch maneuver
My jewel'll keep me iced out like Rick the Ruler
Then I fuck J.Lo, Trina, Beyoncé
All in a ménage
Off X and broccoli
And I got Missy ass waitin' in the hallway
I'm not a minute man fat bitch
I fuck all day
I take Sadé
Get head on the highway
Then fuck that little Mexican bitch from "Next Friday"
I take Tyra Banks from Chris Webber
And fuck her and Vivica Fox both together
West Coast forever
Now what's fuckin' wit that?
I need gangsta love
So I fuck even Da Brat
Alicia Keys in the back
Suck dick 'til they knee's get scratched
Then pull they head 'til they weave detach
