

White Keys

Yuksek

Some place to hide deep in my mind
Some place to hide deep in my soul
Any place we try any place we go
We always try to hold
Some place to hide deep in my mind
Some place to hide deep in my soul
Any place we try any place we go
We always try to hold
White keys or black keys
It's not so funky
We are restless just music junkies
White keys or black keys
It's not so funky
We are restless just music junkies

This is not the song that we sing out now
This is not the song that we sing out now
This is not the song that we sing out now
This is not the song that we sing out now

Some place to hide deep in my mind
Some place to hide deep in my soul
Any place we try any place we go
We always try to hold
White keys or black keys
It's not so funky
We are restless just music junkies
White keys or black keys
It's not so funky
We are restless just music junkies
White keys or black keys
It's not so funky
We are restless just music junkies
White keys or black keys
It's not so funky
We are restless just music junkies

This is not the song that we sing out now
This is not the song that we sing out now
This is not the song that we sing out now
This is not the song that we sing out now
