

# I Want You Back

Yuna

I'm still up it's 4AM,  
I don't know what to make of today  
If I'm doing something right,  
Why does every bone inside of me ache

I don't know if I'm worth it,  
Maybe we were perfect  
I really need to call you tonight

Cause I just thought I should let you know  
I want you back  
Feeling like I did something wrong  
I want you back

It's giving you a heartattack  
I hate myself for doing that  
You're the best thing I ever known

Hey, I've been going back and forth  
Then I miss you more and more everyday  
I keep writing all these words,  
In my head so I know what to say

I don't know if I'm worth it,  
Maybe we were perfect  
I really need to call you tonight

Cause I just thought I should let you know  
I want you back  
Feeling like I did something wrong  
I want you back

It's giving you a heartattack  
I hate myself for doing that  
You're the best thing I ever known

Close my eyes and hold my breath  
Hoping that we pass this test  
Trying to believe that it's not over

Don't know why I couldn't see  
You're the only one for me  
I don't really want this to be over

Cause I just thought I should let you know  
I want you back  
Feeling like I did something wrong  
I want you back

It's giving you a heartattack  
I hate myself for doing that  
You're the best thing I ever known
