

Lullabies (Adventure Club Remix)

Yuna

Forever in my mind
Only you
The pieces in my life
Go away with you

Forever in my mind
Only you
The pieces in my life
Run away with you

You were my first love
You were my first love
You were my first love
You were my first love

Ever ever in my mind
Only you
The pieces in my life
Go away with you

Ever ever in my mind
Only you
The pieces in my life
Run away with you

Ever ever in my mind

I wanted to go away with you
I wanted only you
I wanted to go away with you
I wanted only you
