Yung Berg  
Casha  
Let's go

So many times  
You and I  
Made luv through the night  
The way that you make me feel  
From the wrong to the right  
All the pain you and I  
You know dat I'm down for real  
If you (only knew)  
If you (only knew) the things you can make me do  
If you (only knew)  
If you (only knew)  
The way dat I feel for you

It goes fressher than whoever  
Shawty you a star  
Must of fell straight from heaven  
Shit landed in my car  
Standin by the bar  
Conversation sparked  
Felt like my first time  
Hittin 106th in park  
Back hella arched  
Legs super thick  
You know the type you can't wait to go spread apart  
Had her from the start  
Took it to the whips  
Where her top came down  
For I throw it out of park  
And still to this day  
I hop into the coup and hearin  
Records on the radio  
Like I'll do anything (for you)  
So tell me what am I to do  
I lost one like jay  
So I let this song cry(for you)  
Yea show cancelled the first season  
No martin no gena  
Guess homie did it(for you)  
For you mami  
I'm right here will you need to be  
And when I lost you I lost a piece of me

It goes every since you left me  
My pride wont let me dial up the  
Phone ma pain is so heavy backseat-  
Action me and you off in da chevy
