

Seal of the Prophets

Yusuf Islam

He was a guide for all people
And the mercy to the universe
He was a guide for all people
God's peace and blessings on him
He was a seal of the prophet
The last brick in the house of prophethood
He was the last of the prophets
God's peace and blessings on him
He was a patron of the poor
Always helping widows and orphans
A great patron of the poor
God's peace and blessings on him
He was a striver against evil
And he fought and he won
To give rights all people
God's peace and blessings on him
He was a stranger to this world
For his aim was the hereafter
He kept little for this world
God's peace and blessings on him
