

# Love Me

Yvonne Elliman

Love me  
Just a little bit longer  
Love me

I remember times my love  
When we really had it all  
You were always there to make me smile  
To help me when I fall

Ooo, I can't believe you're leaving me  
When there's so much more to say  
I can't let you go  
Ooo, every time I look at you,  
I still can feel the glow  
Let it be, let it grow

Ooo, love me, please  
Just a little bit longer  
Together, we can make it  
Our love is much too young to break it

Oh all I ever wanted was  
To have you to myself  
Then I see you standing there  
In the arms of someone else

Ooo, you know a girl can stand so much  
And it's more than I can fake  
I can't let you go  
Ooo, every time I look at you  
I still can feel the glow  
Let it be, let it grow

Love me, please  
Just a little bit harder

Never even tried to see things my way  
It's hard on a woman  
When love ain't no love at all  
And when you walk away  
From me baby you're gonna be sorry  
I'm begging you please

Love me, please love me, love me  
Just a little bit longer  
Together we can make it  
Our love is much too young to break it

Love me, please just a little bit harder  
Just a little bit harder (just a little bit harder)  
Together we can make it  
Our love is much too young to break it  
Love me, please just a little bit longer
