Love Me

Yvonne Elliman

Love me

Just a little bit longer

Love me

I remember times my love When we really had it all You were always there to make me smile To help me when I fall

Ooo, I can't believe you're leaving me When there's so much more to say I can't let you go
Ooo, every time I look at you,
I still can feel the glow
Let it be, let it grow

Ooo, love me, please
Just a little bit longer
Together, we can make it
Our love is much too young to break it

Oh all I ever wanted was To have you to myself Then I see you standing there In the arms of someone else

Ooo, you know a girl can stand so much And it's more than I can fake I can't let you go
Ooo, every time I look at you
I still can feel the glow
Let it be, let it grow

Love me, please Just a little bit harder

Never even tried to see things my way It's hard on a woman When love ain't no love at all And when you walk away From me baby you're gonna be sorry I'm begging you please

Love me, please love me, love me
Just a little bit longer
Together we can make it
Our love is much too young to break it

Love me, please just a little bit harder Just a little bit harder (just a little bit harder) Together we can make it Our love is much too young to break it Love me, please just a little bit longer
