

Love My Dick

Z-Ro

Yeah

What up shawty, I'm doing fine what about you
I'd be lying, if I said I wasn't thinking bout you
You want me to come and beat it up again, I'm bout to
I know you can make me bust a big one, I don't doubt you
Why buy a pack of Magnums, bitch I get straps for free
Omar be like J. Prince, let them baggy head packs for me
A couple of hundred of em, cause pregnant that's a tragedy
I'm already dealing with child support, y'all ain't getting no more stacks f

I'm just breaking your back lil' mama, ain't no strings attached
Ain't your boyfriend, and damn sho' ain't no wedding ring with that
I know I'm so clean too, but I ain't clean for you I'm clean to mack
And I know I'm an asshole baby, but that's how I mean to act

Say what you wanna say, but you know I'm the shit
Smother you be right back up in this bitch, (cause you love my dick)
Keep on sucking it up, till you can't feel your lips
And catch it all, you never let it drip (cause you love my dick)
Thinking about me, while you playing with your clit
Using your biggest finger here's my dick, (cause you love my dick)
But you don't own, me I'm a loner know this
I was trying to kick it, with you and my dick (cause you love my dick)

Yeah, I gotta buy another set of bed sheets
So many women every month, this is stay in bed week
I had to stop going so hardy, but too many red leaks
I'm so tired of fucking sometimes, I call my only head freaks
And I be clogging up the throat area, bitch you almost choked to death
Attempted suicide slow down, baby don't smoke yourself
You don't want that dildo no mo', you don't even stroke yourself
Steady calling Z-Ro phone number, you know Z-Ro can help
Bitch I'ma make you cum, harder than a mo'fucker
Eyes in the back of your head, you need some water like a mo'fucker
But you don't love me, you just love when I'm up in it
Peaceful when we fuck, we only argue when I'm not up in it

Say what you wanna say, but you know I'm the shit
Smother you be right back up in this bitch, (cause you love my dick)
Keep on sucking it up, till you can't feel your lips
And catch it all, you never let it drip (cause you love my dick)
Thinking about me, while you playing with your clit
Using your biggest finger here's my dick, (cause you love my dick)
But you don't own, me I'm a loner know this
I was trying to kick it, with you and my dick (cause you love my dick)

Bitch, I just wanna dick you down
