I greet the Father, on my knees With a bowed head and a humbled heart, my conversation is have mercy on me p

I just wanna be happy, will it come to bad
Fresh out of my mind been 27 years, and every day I've seen is sad
Even though I've tried till I've cried, I can't even stand
Feels like I've died a thousand times, but just can't make it man
Ain't nothing different about me, doing dirt
Except I've never crept up on a come up, maybe that's why the hustling hurts

I remember just like it was yesterday, I'm 16

Can't find no love can't find no peace, I wonder what it means

Could it be because, I didn't choose the devil all the time

I became an outcast to the hood, restricted to my rhyme

Why couldn't I just live my life, without my talent making danger

Jealousy is now state jail, from friends that turned to strangers

They hate me, I don't understand why

I swear I never seen a man cry, till it was my own eye

I'm 21, and think I finally got a grip on life And all bills paid apartment, a step-son and a step-wife But without a vehicle, it's kinda hard to get around If I got weed I ride for free, if not my partners let me down So now I'm loving to be one deep so much, I'm hating people Lookin at everybody, even babies like they Satan people Nobody understand me, everybody's tripping with me Wonder why when I gotta ride, were none of my people flipping with me Too many haters, trying to take a player off his game Not trying to be ballerific, I'm just trying to have some thangs They're just like crabs in a bucket, these people pull me down If I didn't have so many obstacles, think where I could be now On MTV or BET, or in some magazine Instead I'm stressing, hooked on codeine headed to tragedy Sometimes I think, it's better just to die Because I never seen a man cry, till it was my own eye
