Since we got secrets that's a no no  
Bitch I kill ya if I find out  
You've been talking to the Po Po  
Get yo head hit  
You gone come up missing, Ive been  
Im not gone end up in prison no mo (yeah)

I'm not a criminal just trying to pay my child support  
If I can't pay it I can only see my child in court  
So I stopped drinkin' started sending that drink by the quart  
It didn't matter who made the sil  
Cuz what was mine was yours  
So what I sold a couple mo bottles o' chaos o' mo casey  
But you act like it don't bother you  
But its written all over your face when  
You pull out yo money clip  
I pull out my money bag  
Nothing them bitches be like  
Where the rest of yo money at  
So word to an under cover you gotta make a decision  
So soft you might die in the county  
Won't even make it to prison  
Now I got an echo on my sil ya love the face  
Move out of Houston  
Getting another sil ya another night

I heard you've been talking to the Po Po  
Since we got secrets that's a no no  
Bitch I kill ya if I find out  
You've been talking to the Po Po  
Get your head hit  
You gone come up missing, I've been  
I'm not gone end up in prison no mo (yeah)  
I heard

Tax straight  
License insurance straight  
Everything's straight  
Got a kilo in this bitch  
Other than that  
Everything's great  
Put it in the stash spot  
Get it out the stash spot  
It's in the same shape  
But I keep on seeing the same Caprice  
Same color, same plate  
Call my connect and Say  
My car won't start  
Soon as I find out who did it  
That's when the war gone start  
They said your brother said this  
And your brother said that  
I ain't got a brother  
Go tell him his brother said that  
I try my best to stay out the way

You fellas don't ever see me  
Why the fuck you fellas got a problem  
Every time you see me  
When I defend myself and squeeze  
Get away clean  
But somebody gone tell them it was me  
I heard
