We Third Coast and I'm a soldier united, for the cash  
Daily I be ducking the law, be consistently clocking cash  
Moving fast I'm running around, looking over my shoulder burning up use my cash  
Wonder my a.c. tell em on E, burning up my gas  
I'm just a G, everybody in the streets know me  
I represent that Killa Klan and the S.U.C., and the Guerilla M double A-B  
They call me Ro Dog, giving it to you raw fast or slow dog  
It just took a little time for me to shine, and get up in the game and roll dog  
Now I'm full grown like H-Town be the AIDS, Z-Ro done got full blown  
Then I stood up in the ring, and a nigga done bit the dust but the bill got pulled on  
And I'll super-soak the crowd, if I have to  
Nothing but Benjamin faces I be after, then I get ghost like casper  
Don't work then don't eat, play the game but don't cheat  
Cause trying to get it up out my stash, I'll have you falling to your knees  
Please, respect all of us less fortunate G's  
Cause we coming up from selling ki's, to straight selling c.d.'s

They scared, but homie ain't no future in that  
I'm a G from the streets, so I don't run with a pack  
Different strokes for different folks, purple drink and the smoke  
And you know I grind for the cash, when you at home broke  
I work for the feddy, I push it and stay ready  
The frame on the slab, is wide and real heavy  
Niggaz in the hood, I'ma pass em the torch  
I been a motherfucking fool, since I jumped off the porch  
For real, I'm going to the top this year

No sub in the front just plain Z-Ro, not a substitute cause I ain't gone go  
Nowhere life is hard but it's fair, living my life like I don't care  
Look at my feelings when they get wet, they tend to stare  
Don't make no sudden move, just might be a sudden death  
These characters think they bulletproof, but evidently cat must not of been  
blessed  
A victory for me, another victim of the mighty Southside  
Got everybody running back off in the house, and scared to come back outside  
Radio stations recognize, getting my regular thousand times  
Hate me off that corner, Z-Ro tired of feeling nickels and dimes  
The definition of a hustler, Houston Texas we bleed the block  
Ain't no way in hell it's ever gone stop, can't stop
