My mama used to tell me about these, renegade ass
bitches in these streets
You need direction baby, I'll provide protection baby

If it's just you and me, no need to start undressing
baby
Cause I don't want your body, I want what your body
bring
I never been a gigolo baby I'm about that change
Catch me in a candy blue thing when I'm in the turning
lane
I don't fuck with reggie miller, its designer douja
burning mane Houston Texas, Mo City my block
I can pass in every section, I can kick it in any spot
We rolling behind tint and if the coppers harass
Man just tell them I'm running with J-Prince and put
your foot back on the gas

Sunday morning I'm pulling out my bitch I'm looking
good
Nothing but diamonds around my neck
and around my wrist I'm looking good (looking good,
what it is, what it is)
Double-breasted tailor made, I'm Versace down to the
floor
And it don't matter if you step on my Wing-Tip shoes
cause
Im'a just go buy me some more (what it is, what it is)
Look homey, I'm feeling larger than life
just because I'm able to provide for my daughter
tonight
I went to sleep on the bench but I woke up on a king
size
Now every day of my life I see so many green guys
