

## Way 2 Fly

Z-Ro

I'm way too fly and way too high  
I don't smoke with homie I am way too dry  
I'm cooler than a fan in the summer time  
You can spend the night with her if she's one of mine  
Im way too fly and way too high  
I don't want that pussy if its way too dry  
I'm hotter than stove on three seventy five  
I put all my trust in that weapon of mine

I'm in a suit I'd rather be in a white tee  
So clean thirty niggas wanna fight me  
We keep it one hundred is a must not a might be  
Spill a couple thousand at the bar is how they like me  
We tip the scales yeah you still wanna indict me  
So many vehicles it's hard to find the right key  
Ho I'm the man how the fuck you don't want me  
If it's between being one deep and lonely  
Yeah bitch I'm still stomping in my gator shoes  
You can sit still and chill I 'ma make a major move  
If it ain't about money I got nothing to say to you  
Smile bitch cuz same dee been charging you to lay with you
