Zac Brown Band

Well the last time, I swore it was the last time  
And the time before well I swear I swore the same  
Honey this time baby I won't make a promise  
Because I've given up I ain't ever gonna change

So pass that bottle I'm jumping off this wagon  
It never seemed to get me very far  
You can say what you will but I'm drinking til I get my fill  
So if you're lookin' darlin' I'll be at the bar

I've always had this black streak up my back  
Yeah the night time plays a song I love to sing  
So if you don't like the way I run my shop  
My friends don't seem to mind my company

Pass that bottle I'm jumping off this wagon  
It never seemed to get me very far  
You can say what you will but I'm drinking til I get my fill  
So if you're lookin' darlin' I'll be at the bar

Well tomorrow mornin' my head it will be ringin'  
And the look that's in my eyes is gonna be scary  
So I guess I'll have to drag my ass to the kitchen  
I'm gonna find that bottle of ninety for Bloody Mary

Pass that bottle I'm jumping off this wagon  
It never seemed to get me very far  
You can say what you will but I'm drinking til I get my fill  
So if you're lookin' darlin' I'll be at the bar  
Yeah if you're lookin' darlin' I'll be passed out on the bar  
Hey if you're lookin' darlin' I'll be at the bar
