Jump Right In

Zac Brown Band

The Southern wind sings again an island lullaby

Baby powder beach under my feet has got me rolling And the breeze through crackling leaves like a daytime campfire burni ng And the ship is off to sea And the wake is a churning As the Southern wind sings again an island lullaby

You can jump right in Let the music pull you in You can jump right in Oh and lose yourself again As the Southern wind sings again a island lullaby

There's a place the locals go and no one knows where to find it And the river starts to flow inside the clouds of Misty Mountain The water from this stone below becomes a blue-green fountain As the Southern wind sings again an island lullaby

You can jump right in Let the music pull you in You can jump right in Oh and lose yourself again As the Southern wind sings again an island lullaby

La la

You can find me where the music meets the ocean If you get the notion Stop on by and play a while Simple tune to get your love light glowing Keep your heart wide open Disappear just like the tide Let it roll on by

And jump right in Let the music pull you in You can jump right in Oh and lose yourself again As the Southern wind sings again an island lullaby The Southern wind sings again an island lullaby Island lullaby
