

# Your Majesty

Zac Brown Band

First time I saw you, I just couldn't look away  
Found what I'd been lookin' for, but I couldn't stay  
But my heart was full and my eyes, they could not believe  
How you wrapped your arms around me  
Your majesty

I wanna slow it down where the water's deep  
Get the northern keeling washing over me  
Made me better man  
And it's plain to see  
The nature of your beauty puts my mind at ease

Uh, oh (Uh, oh)  
Oooh  
Uh, oh (Uh, oh)

Now I'm flyin' in to meet you, I can hardly wait  
Do you know how much I've missed you since I've been away  
Bringing all my love from Georgia, and I'm gonna lay  
Under endless skies of emerald light, we can drift away

I wanna slow it down where the water's deep  
Get the northern keeling washing over me  
Made me better man  
And it's plain to see  
The nature of your beauty puts my mind at ease  
And I'm humbled in the presence of your majesty

Uh, oh (Uh, oh)  
Oooh  
Uh, oh (Uh, oh)

Uh, oh (Uh, oh)  
Oooh  
Uh, oh (Uh, oh)

You can have it all  
Burn all my things  
To be at your feet  
And kneel before my queen

Now I'm gonna stay out where the air is clean  
'Cause I've freed myself from these city streets  
Found a better man waking inside of me  
The nature of your beauty puts me mind at ease  
And I'm humbled in the presence of your majesty  
And I kneel down in the presence of  
Your majesty

Ooh!  
Uh, oh (Uh, oh)  
Oooh  
Uh, oh (Uh, oh)  
Uh, oh, oh-oh

Uh, oh (Uh, oh)  
Oh, oh
