

# Everyday

Zac Efron

Once in a lifetime  
Means there's no second chance  
So I believe that you and me  
Should grab it while we can

Make it last forever  
And never give it back

It's our turn, and I'm lovin' where we're at

Because this moment's really all we have

Everyday  
Of our lives,

Wanna find you there, wanna hold on tight
