

Take Me Away

Zachary Richard

I've been looking for you all of my life,
But I never ever knew it 'til I saw you last night.
I can barely tell you how it made me feel.
When the world stopped moving and my heart stood still.
Take me away.

Come on, pretty baby, take me for a ride.
You don't have to say it I can see it in your eyes.
Standing on the corner of Hiway 93,
Here comes the king of Zydeco in a black limousine.
Come on, pretty baby, come on take me away.
Make love with me baby each and every day.

Bridge:

This place means nothing to me,
Waiting for the end to come.
But when I saw you there,
I knew, I knew that you had to be the one
To make my life worth living,
Come on and take me away.
