

## What You're Look'n For

Zakk Wylde

(We were friends)  
Yet never all that close  
(Two different people Lord)  
I guess yeah, I suppose, yeah...

Well I could see by the lines on your face  
So much on your mind...  
(Searchin') For someone, anyone,  
Something to treat you kind, oh yeah

I hope you found what you were lookin' for  
'Cause I haven't seen your face around here no more  
When did life become a chore?  
When was it that you couldn't take it anymore?  
With nothin' above you & nothin' below  
Couldn't cure the need for somewhere else to go  
I just hope that ya found,  
What it was, what it was, you were lookin' for

(Sweep all your fears)  
Beneath the rug there on the floor  
(Shed a new skin)  
No longer insecure

Your livin' harder, yeah, harder than you know  
Tell me, how fast, (how fast)  
Can ya burn?, (can you burn (burn))  
And how far can ya go?

I hope you found what you were lookin' for  
'Cause I haven't seen your face around here no more  
When did life become a chore?  
When was it that you couldn't take it anymore?  
With nothin' above you & nothin' below  
Couldn't cure the need for somewhere else to go  
I just hope that ya found,  
What it was, what it was, you were lookin' for

...yeah, now  
...Lookin' for, yeah, yeah, yeah,  
...What you're lookin' for, yeah, yeah, yeah,  
...Lookin' for, ohh yeah  
"whoo, whoo-hoo..."
