

For a Fair Desire

Zao

Let me not exist for a fair desire sweet and fresh
Are my expectations of this inner strength
That yearns passionately
For the endowment of the Father
I sow in tears that later I shall reap in joy
Each drop that I sow will be a time of breaking (3x)

Come Holy Spirit empower Your creation
Through times of breaking the planting of tears as I am broken
Your presence grows stronger
I feel You with me upholding me through it all

Let me not exist for a fair desire sweet and fresh
Are my expectations of this inner strength
That yearns passionately
For the endowment of

Each drop that I sow is a time of breaking
A time of breaking
