

# Funeral

Zara Larsson

Faded, we're fading  
We ain't breathing lately  
No tomorrow, not for you and I  
Hate it, I hate it  
Can't believe I'm sayin' it  
Called my friends and told them we had died

Our love, our love, our love  
It is gone now  
Our love, our love, our love  
Took everything we had  
Our love, our love, our love  
Was real, I found that  
But it ain't coming back  
No, it ain't coming back

I wish you everything you've ever wanted in your life  
This tastes so bittersweet, it's like I'm going under  
Burn all the letters, all of my secrets  
Things only you'd know  
Bury my heart six feet under, throw us a funeral  
I wish you everything you've ever wanted in your life

Faded, you're faded  
Only thing that makes sense  
Anything to take the pain away  
Complicated, but I wanted us to make it  
I was praying, waiting for a change

Our love, our love, our love  
It is gone now  
Our love, our love, our love  
Took everything we had  
Our love, our love, our love  
Was real, I found that  
But it ain't coming back  
No, it ain't coming back

I wish you everything you've ever wanted in your life  
This tastes so bittersweet, it's like I'm going under  
Burn all the letters, all of my secrets  
Things only you'd know  
Bury my heart six feet under, throw us a funeral  
I wish you everything you've ever wanted in your life

Burn all the letters, all of my secrets  
Things only you'd know  
Bury my heart six feet under, throw us a funeral  
Burn all the letters, all of my secrets  
Things only you'd know  
Bury my heart six feet under, throw us a funeral

I wish you everything you've ever wanted in your life  
This tastes so bittersweet, it's like I'm going under  
Burn all the letters, all of my secrets  
Things only you'd know  
Bury my heart six feet under, throw us a funeral

I wish you everything you've ever wanted in your life

Say your last, say your last

Say your last goodbye

Say your last, say your last

Say your last goodbye
