

Never Forget You

Zara Larsson

I used to be so happy but without you here I feel so low
I watched you as you left but I can never seem to let you go

Cause once upon a time you were my everything
It's clear to see that time hasn't changed a thing
It's buried deep inside me but I feel there's something you should know

I will never forget you
You will always be by my side
From the day that I met you
I knew that I would love you 'til the day I die
And I will never want much more
And in my heart, I will always be sure
I will never forget you
And you will always be by my side
'Til the day I die

Til the day I die
Til the day I die
Til the day I die

Funny how we both end up here but everything seems so right
I wonder what would happen if we went back and put up a fight

Cause once upon a time you were my everything
It's clear to see that time hasn't changed a thing
just what do you think could ever take you off my mind?

I will never forget you
You will always be by my side
From the day that I met you
I knew that I would love you 'til the day I die
And I will never want much more
And in my heart, I will always be sure
I will never forget you
And you will always be by my side
'Til the day I die

Feeling it, loving it, everything that we do
And all along, I knew I had something special with you
But sometimes you just gotta know that these things fall through
But I'm still tied and I can't hide my connection with you

Feeling it, loving it, everything that we do
And all along, I knew I had something special with you
But sometimes you just gotta know that these things fall through
I can't hide my connection with you

I will never forget you
You will always be by my side
From the day that I met you
I knew that I would love you 'til the day I die
And I will never want much more
And in my heart, I will always be sure
I will never forget you
And you will always be by my side
'Til the day I die

(Til the day I die, 'til the day I die, 'til the day I die)
(Til the day I die, 'til the day I die, 'til the day I die)
And you will always be by my side
I will never forget you
(I will never, never, never, never, never, never, never, never)
I will never forget you
Til the day I die
