

# One Mississippi

Zara Larsson

One Mississippi, you're here  
Lovin' me with your whole heart  
And two Mississippi, we scream  
To watch each other fall apart  
Three Mississippi, you're gone  
Sayin' that you're done, you don't want it no more  
And four Mississippi, you're home  
Like nothin' ever happened at all

Why do I stay?  
I know I should leave  
Mascara fallin' down my cheek  
But you pull me in and make me forget  
About the broken glass on our skin

We don't get scared when the sirens come  
A little fucked up 'cause we think it's fun  
We kiss just to make up, we love just to break up  
We head for disaster, but live for the danger  
We count

One Mississippi, you're here  
Lovin' me with your whole heart  
And two Mississippi, we scream  
To watch each other fall apart  
Three Mississippi, you're gone  
Sayin' that you're done, you don't want it no more  
And four Mississippi, you're home  
Like nothin' ever happened at all

I like the way, that you set the scene  
The way you breathe in your nicotine  
I like the way it burns when you say goodbye  
I like the way it hurts when you screw with my mind

Or am I fucked up that I think it's fun  
That we don't get scared when the sirens come?  
We kiss just to make up, we love just to break up  
We head for disaster, but live for the danger  
We count

One Mississippi, you're here (here)  
Lovin' me with your whole heart  
And two Mississippi, we scream  
To watch each other fall apart (ooh)  
Three Mississippi, you're gone  
Sayin' that you're done, you don't want it no more  
And four Mississippi, you're home  
Like nothin' ever happened at all

Ooh-ooh-ooh-ooh-ooh  
(No, no, no, no)  
Ooh-ooh-ooh-ooh-ooh

One Mississippi, you're here  
Lovin' me with your whole heart  
And two Mississippi, we scream

To watch each other fall apart

One Mississippi, you're here (here)

Lovin' me with your whole heart (with your whole heart)

And two Mississippi, we scream (oh)

To watch each other fall apart (oh)

Three Mississippi, you're gone

Sayin' that you're done, you don't want it no more (you're done, you're done  
)

And four Mississippi, you're home (home)

Like nothin' ever happened at all (oh, yeah)
