

Only You

Zara Larsson

I don't wanna shower even if I stink
'Cause I don't wanna wash you off, wash you off my skin
It's been about an hour
And I'm still trembling, oh
Feelin' you deep, feelin' you deep within
Aye-eh-aye, aye-eh-aye

Opened bottles on the drawer
Rolling papers on the floor
Aye, don't want no cigarette yet
Don't want no drink on my breath, yes
Wanna taste your taste the more
Feel you pourin' through my pores
Aye, I'm goin' back in my bed
To play it back in my head

'Cause I can't love nobody like I love myself
Like I love myself
Only you, aye
No one's ever touched me like I touch myself
No, nobody else
Only you, only you
Only you

I feel you in my fingers
Even in my toes
Steam up on the mirror
And on the windows
Baby, that was it
Wish it would never end
I just wanna do it, do it again
Aye-eh-aye, aye-eh-aye

I can smell your smell so sweet
On my pillow, on my sheets
Aye, I wanna keep it like that
Keep on sleeping like that, yeah
Baby, you'll be hard to beat
What I have is yours to keep
Aye, I never wanted so bad
Best that I've ever had

No, I can't love nobody like I love myself
Like I love myself
Only you, oh
No one's ever touched me like I touch myself
No, nobody else
Only you, only you

Only you, ooh
Only you
Only you
Oh-oh-oh-oh

I can't love nobody like I love myself
Oh, like I love myself
Only you, only you

No one's ever touched me like I touch myself
No, nobody else
Only you
