

Sundown

Zara Larsson

Get on the bounce
All night long
Get on the bounce, ahh

Don't check the time, time, time, time
Should be me that you're watching
What's on your mind, mind, mind, mind
Say you can't keep me off it
Lips might lie, lie, lie, lie
But my heart beating honest
But my heart beating honest

So can we love now
'Cause I don't, I don't wanna wait until the sundown
So can we love now
'Cause I don't, I don't wanna wait until the sundown

Don't wanna wait 'til sundown
Don't wanna wait 'til sundown
Don't wanna wait 'til sundown, no
Don't wanna wait 'til sundown
Don't wanna wait 'til sundown
Don't wanna wait 'til sundown, no

Get on the bounce
All night long
Get on the bounce, ahh

Keep holding on, on, on, on
'Cause I fall into you now
Got me so gone, gone, gone, gone
There ain't no turnin' back now
Can't be wrong, wrong, wrong, wrong
The way I'm feelin' right now
The way I'm feelin' right now, yeah

I tell you 911 got ring the alarm
When you need me, girl, call me phone
I won't leave you on your own, babe
See when you touch me, girl, see me no one go
See no other man, no one know
Baby girl, I feel it in my head

So can we love now
'Cause I don't, I don't wanna wait until the sundown
So can we love now
'Cause I don't, I don't wanna wait until the sundown

Don't wanna wait 'til sundown
Don't wanna wait 'til sundown
Don't wanna wait 'til sundown, no
Don't wanna wait 'til sundown
Don't wanna wait 'til sundown
Don't wanna wait 'til sundown, no

Get on the bounce, ya
Get on the bounce, get on the bounce

Oh, get on the bounce, my baby girl
Get on the bounce, ya
Get on the bounce, girl
I want it in the morning, in the morning
In the middle of the day
Baby, 'cause midnight
Yeah, midnight seems so far away
I want it in the morning, in the morning
In the middle of the day
Baby, 'cause midnight
Yeah, midnight seems so far away

So can we love now
'Cause I don't, I don't wanna wait until the sundown
So can we love now
'Cause I don't, I don't wanna wait until the sundown
