

This is not the hall of shame
You try hard to make your self a name
(When death and greed wear prada clothes)
Show the world that you are rich
Superficial, plastic, guccibitch
You all know what you are
You're members of the vanity superstars

Smile and pose for the cause of money
(This is a fashionshow)
Stars shines bright 'til they fall
Drink your champagne get ready to go'€!

Out and mingle tonight
Feel your best draw another line
(The headlines)
All the beautiful people are here
(Feel the beat of the V.I.P atmosphere)
Buy a mask to cover your scars
You are members of the vanity allstars

Vanity allstars
Vanity superstars
Go up, then you go down

Look at me, I want to feel
Above you all, I am'€!

Vanity
(All)
Vanity
(Stars)
Look at me
