

# Satisfaction

Zayn

Nobody said this would be easy  
Nobody said this would be hard  
Nobody gave me a rulebook to follow  
And my soul's not hollow  
You see, we gotta find our place  
And we'll go there now  
I can't get no satisfaction alone

'Cause I can't, you can't, we can't get no  
Satisfaction

All in my zone, all in my space  
Life is always in the way  
All in my zone, all in my space  
Life is always in the way

Nobody said that you would leave me  
Nobody says that in the start  
Somebody told me about tomorrow  
And my soul's not hollow  
You see, we gotta find our place  
And we'll go there now  
We can't get no satisfaction alone

'Cause I can't, you can't, we can't get no  
Satisfaction

All in my zone, all in my space  
Life is always in the way  
All in my zone, all in my space  
Life is always in the way

As you try your best to pull away  
Something surges, urges you to stay  
'Cause I can't, you can't, we can't get no  
Satisfaction  
I can't, you can't, we can't get no

All in my zone, all in my space  
Life is always in the way  
All in my zone, all in my space  
Life is always in the way

We gotta find our place  
And we'll go there now  
I can't get no satisfaction alone  
I can't get no satisfaction all alone
