## **There You Are**

Only you know me The way you know me Only you forgive me When I'm sorry Need you when I'm broken When I'm fixed Need you when I'm well And when I'm sick Friends that I rely on Don't come through They run like the river But not you Can't see when I'm falling Losing myself But then I hear you calling There you are There you are You're there with open arms There you are There you are And I run Whispers in the background Behind closed doors I got myself in a mess and Without you I'm in more Oh, I'm a little drunk now That's why I went to war Oh yeah, you are my sober When I'm on the floor Can't see when I'm falling Losing myself But then I hear you calling There you are There you are You're there with open arms There you are There you are And I run Only you know me the way you know me Only you forgive me when I'm sorry Even when I messed it up There you are Need you when I'm hot And when I'm cold Need you when I'm young When I'm old You won't be far

There you are You're there with open arms There you are There you are And I run

Only you know me the way you know me Only you forgive me when I'm sorry Even when I messed it up There you are

(Need you when I'm, need you when I'm) (Need you when I'm, need you when I'm)

When you're caught in the crowds When you're up in the clouds When you're caught in the crowds When you're up in the clouds There you are
