

# Tonight

Zayn

Just let me talk, you know what I'm sayin'  
Don't give me that, girl I know you're stayin'  
Where you goin', you feel that space, it's mine  
Said we're goin', in every space and time

But love me tonight  
Sweet girl of mine  
Take all your time  
I know that you're mine

So love me  
Like we don't have tomorrow  
Like there's no time at all, love  
Love me like tomorrow's  
Never gonna come

So love me  
Like we don't have tomorrow  
Like there's no time at all, love  
Love me like tomorrow's  
Never gonna come

Tell me why it's always different in the mornin'  
Last night you were by my side  
Space and time, I wanna fall into your eyes

There's no point in stallin', there's nothin' to hide  
Right now it's priceless, some things you can't buy  
You're that protection that keeps me alive  
Oh you got it right, you got it right

But love me tonight  
Sweet girl of mine  
Take all your time  
I know that you're mine

So love me  
Like we don't have tomorrow  
Like there's no time at all, love  
Love me like tomorrow's  
Never gonna come

No matter where you are  
Or where you'll be  
When you're feelin' yourself  
I know you're thinkin' of me

But love me tonight  
Sweet girl of mine  
Take all your time  
I know that you're mine

So love me  
Like we don't have tomorrow  
Like there's no time at all, love  
Love me like tomorrow's  
Never gonna come

So love me  
Like we don't have tomorrow  
Like there's no time at all, love  
Love me like tomorrow's  
Never gonna come
