

Funky feet

Zdenka Predná

Strange people are walking down the street
I chase them on my funky feet
They are heading to the disco bar
They don't know I am not the star

Hey DJ could you play my song
Your funky song makes me strong
Please don't be worry tell me your story

Play on now go on please don't make me wrong

Funky people in the funky bar
I can't find you, where you are?
Look at me I am a dancing queen
Never mind I am not 17..
