The La La Song

Zebra

I won't be the fool in my life
I won't change the rules in my life
In all your silence
I knew it all along
You haven't got the sense to know
What's right from what is wrong
And I really haven't got the time to
Tell you about the things that are absurd

Don't fear tomorrow
Don't fear tomorrow

I won't play the fool to your knife, to your knife
You can't change the tune in my sight, in my life
With all you science, I knew it all along
You haven't got the nerve to write the words
Within this song
And you really haven't got the time to tell
Me why you really are
You really haven't got the time to tell me
Why you really are
You really haven't got the time to tell me
Why you really are

Don't fear tomorrow
Don't fear tomorrow
