

# Anthem

Zebrahead

I got a girlfriend  
Only she don't know it yet  
I got a six string best friend  
Who sleeps with a broken neck  
I want to make my mark  
change the world, with this flow  
But, all this doubt in my head  
It won't let me go

Can't you see I want to lock my door and shut out all the world surrounding  
me  
Safe from the problems and the pressures caused by insecurities

Get up! Get up!  
Let the good times roll!  
Get up! Get up!  
Take my heart and my soul!  
Get up! Get up!  
Let the good times roll  
On and on and on..

Feel like everybody else just needs to see through different eyes  
From the outside looking in we shout the anthem of our lives  
Come on and let me go  
and just like everybody else  
I feel the pain each time I try  
But I'll fight the bitter end  
to shout the anthem  
the anthem of our lives

I got a heartache  
She's my insecurity  
I got all these on my tongue but they escape me  
I want to breakout, Carpe Diem,  
I know, but all this doubt in my head It won't let me go

Can't you see I want to find my own direction on this busy one-way street  
Where all the influential people never bother helping me

Get up Get up!  
Let the good times roll  
Get up Get up!  
Take my heart and my soul!  
Get up! Get up!  
Let the good times roll  
One and on and on..

Feel like everybody else just needs to see through different eyes  
From the outside looking in we shout the anthem of our lives  
Come on and let me go  
and just like everybody else  
I feel the pain each time I try  
But I'll fight the bitter end  
to shout the anthem  
the anthem of our lives

This is the Anthem

Out to all the misfits  
If you feel you don't belong  
If you don't give a shit  
About authority  
About majority  
About conformity  
Shout it out  
Let us go! (7x)

Everybody else just needs to see through different eyes  
From the outside looking in  
we shout the anthem of our lives  
Just like everybody else  
I feel the pain each time I try  
But I'll fight the bitter end  
to shout the anthem  
the anthem of our lives

Feel like everybody else just needs to see through different eyes  
From the outside looking in  
We shout the anthem of our lives  
Just like everybody else  
I feel the pain each time I try  
But I'll fight the bitter end  
to shout the anthem  
the anthem of our lives
