

# Dear You (Far Away)

Zebrahead

Dear you  
What's your name?  
When did we start this crazy game?  
Pull up a chair  
Grab a drink  
I need something not to make me think  
And all in all  
It's all the same  
The days go on and on

Eleven days and forty nights  
When's the last time that we kissed goodnight?  
I want to know who you're laughing with  
I want to know that there's more than this  
But all in all  
It's all the same  
It goes on and on

Because you're far away  
Just like yesterday Wait to see you smile  
And I'll be gone  
So far away  
Never ending day  
Drive a million miles  
And I'll be gone a while

I never thought it would come to this  
I never thought of all the stupid shit I'd miss  
The way you looked when I made you mad  
We never missed the things that we never had  
And all the talk and all the time  
It goes on and on

Because you're far away  
Just like yesterday  
Wait to see you smile  
And I'll be gone  
So far away  
Never ending day  
Drive a million miles  
And I'll be gone a while

She said "That's right, I don't wanna (2x)  
She said "That's right, I don't want to leave now

Dear you

When did we start this crazy game?  
Pull up a chair

goes on and on and on and on, on and on

On and on, and on
