

Don't Believe the Hype

Zebrahead

Let's go, come on
You ain't shit and I'll prove you wrong
Let's go, come on
You ain't shit and I'll take you on

Don't believe the hype
If you think that I'd
Shrivel up and die
I will let you down
Down!
Live my life and not make a sound
Sound!
I will let you down
Life a sucker
A dumb motherfucker
Think ya outta luck 'cause
I will let you down
Shut up
Tumble down and give up
Throw up, spit up
I will let you down

Hey!
Down!
Hey!
Run it all into the ground!
Hey, ho, hey
What up motherfucker?

Let's go, come on
You ain't shit and I'll prove you wrong
Let's go, come on
You ain't shit, as we scream along
Whoa oh
Let's go, come on
You ain't shit and I'll take you on

Kiss you ass goodbye
If you think that I'd quit without a fight
I will let you down!
Down!
Shut my eyes and bullshit around
Round!
I will let you down

Ain't a loser
Heavyweight bruiser
Think ya outta luck 'cause
I will let you down
Shut up
Crumble down and give up
Roll it up, get lit up
I will let you down
Hey!
Down!
Hey!
Down!

Run it all into the ground!
Hey, ho, hey
What up motherfucker?

Let's go, come on
You ain't shit and I'll prove you wrong
Let's go, come on
You ain't shit, as we scream along
Whoa oh
Let's go, come on
You ain't shit and I'll take you on

Adrenaline pumpin'
Lies stompin'
Makeshift poison words, they' mean nothin'
Twist sideways
Aim my way
Now pull the trigger and watch me ricochet
You shot the shot without making a sound
You said you cared a lot, but I see through you now
Go on, throw your weight around
I won't buckle, I will let you down

Let's go, come on
You ain't shit and I'll prove you wrong
Let's go, come on
You ain't shit, as we scream along
Whoa oh

Let's go, come on
You ain't shit and I'll prove you wrong
Let's go, come on
You ain't shit, as we scream along
Whoa oh

Let's go, come on
You ain't shit and I'll take you on!
