

I'm Just Here for the Free Beer

Zebrahead

Jumping off the rooftops
Making all the clouds pop
Come one and all
It's time for a shake up

Faking is the new wheel
Liars make a new deal
Watch it unravel
How dumb do you feel?

I don't really care about society
I don't really care go on and lie to me
I don't really care if we don't agree
I don't really care what you think about me

Mic check 1, 2
Firewall break it through
Molotovs are falling (Pump up the volume)
A minor threat like you
Paperweight torn in two
Kill switch stalling (Pump up the volume)

I don't give a fuck about your revolution
I don't give a fuck about your institution
I don't give a fuck and I ain't gonna listen

I don't give a fuck about your expectation
I don't give a fuck about your motivation
I don't give a fuck and I ain't gonna listen

Crashing in a new car
Burning like an old star
Rise for the fall of it all
It's a new war

Money makes a mean shield
Bleed as your skin peels
Knees cut in gravel
How numb do you feel?

I don't really care about your anarchy
I don't really care if you're judging me
I don't really care about your jealousy
I don't give a fuck what you think about me

I really really care about what you're thinking
All of your thoughts all the money you're making
I really really care about what you're drinking
How did you get so cool?
I really really care to hear about your day
Of all the cool people that you met today
Really really care what you have to say
Nah, I'm just kidding
Fuck off!

Mic check 1, 2
Pump up the volume!
