

Let Me Go

Zebrahead

Well some wear their feelings right on their sleeve
And some want to feel what's inside of me
But I've been here twice before oh
I've been here twice before
And I notice you

Spy satellite snapping shots from the skylight
Endo you know buffers up to a highlight
Ink to the skin tight burned in the sunlight
If present lived hindsight, you would be dynamite
Butterfly crucify yourself straight gemini
Checking out grey clouds burning out blue skies
Even high tides rail slides break for landslides
Just another ride got shot goodbye side

Don't let me go
I know I'm always late to see you
I can't wait to see you again and
Don't let me go
I know I'm always late to see you
I can't wait to see you here again

Well some wear their feelings right on their sleeve
And some want to feel what's inside of me
But I've been here twice before oh
I've been here twice before
And I notice you

Spy satellite snapping shots from the skylight
Endo you know buffers up to a highlight
Ink to the skin tight burned in the sunlight
If present lived hindsight, you would be dynamite
Butterfly crucify yourself straight gemini
Checking out grey clouds burning out blue skies
Even high tides rail slides break for landslides
Just another ride got shot goodbye side

Don't let me go
I know I'm always late to see you
I can't wait to see you again and
Don't let me go
I know I'm always late to see you
I can't wait to see you here again

You wanted something different
You confused the lines
And now you're trying, you're trying to make this
Better 'cause you know you can't rewind

Can't go back if that's what you're doing

'Cause everything looks dope in slow motion
But you got taxed in all the commotion
Then you got waxed for all your devotion
Floating in space
No locomotion
'Cause everything looks dope in slow motion

But you got taxed in all the commotion
Then you got waxed for all your devotion
Floating in space
No locomotion

Don't let me go
I know I'm always late to see you
I can't wait to see you again and
Don't let me go
I know I'm always late to see you
I can't wait to see you again
Don't let me go
I know I'm always late to see you
I can't wait to see you again and
Don't let me go
I know I'm always late to see you
I can't wait to see you here again
