Let Me Go

Zebrahead

Well some wear their feelings right on their sleeve And some want to feel what's inside of me But I've been here twice before oh I've been here twice before And I notice you

Spy satellite snapping shots from the skylight Endo you know buffers up to a highlight Ink to the skin tight burned in the sunlight If present lived hindsight, you would be dynamite Butterfly crucify yourself straight gemini Checking out grey clouds burning out blue skies Even high tides rail slides break for landslides Just another ride got shot goodbye side

Don't let me go I know I'm always late to see you I can't wait to see you again and Don't let me go I know I'm always late to see you I can't wait to see you here again

Well some wear their feelings right on their sleeve And some want to feel what's inside of me But I've been here twice before oh I've been here twice before And I notice you

Spy satellite snapping shots from the skylight Endo you know buffers up to a highlight Ink to the skin tight burned in the sunlight If present lived hindsight, you would be dynamite Butterfly crucify yourself straight gemini Checking out grey clouds burning out blue skies Even high tides rail slides break for landslides Just another ride got shot goodbye side

Don't let me go I know I'm always late to see you I can't wait to see you again and Don't let me go I know I'm always late to see you I can't wait to see you here again

You wanted something different You confused the lines And now you're trying, you're trying to make this Better 'cause you know you can't rewind

Can't go back if that's what you're doing

'Cause everything looks dope in slow motion But you got taxed in all the commotion Then you got waxed for all your devotion Floating in space No locomotion 'Cause everything looks dope in slow motion But you got taxed in all the commotion Then you got waxed for all your devotion Floating in space No locomotion

Don't let me go I know I'm always late to see you I can't wait to see you again and Don't let me go I know I'm always late to see you I can't wait to see you again Don't let me go I know I'm always late to see you I can't wait to see you again and Don't let me go I know I'm always late to see you I can't wait to see you here again
