

London Bridge

Zebrahead

When I come to the clubs, step aside
Pop the seeds, don't be hating me in the line
V.I.P because you know I gotta shine
I'm Fergie Ferg
And me love you long time

All my girls get down on the floor
Back to back drop it down real low
I'm such a lady but I'm dancing like a ho
Because you know what, I don't give a fuck
So here we go!

How come every time you come around
My London London Bridge wanna go down
Like London London London
Wanna go down like
London London London
Be going down like

How come every time you come around
My London London Bridge wanna go down
Like London London London
Wanna go down like
London London London
Be going down like

Drinks start pouring
And my speech start slowing
Everybody start looking real good

The Grey Goose got the girl feeling loose
Now I'm wishing that I didn't wear these shoes
It's like everytime I get up on the dude
Papparazzi put my business in the news
And Imma get up out my face
Before I turn around and spray your ass with mace
My lips make you want to have a taste
You got that? I got the bass!

How come every time you come around
My London London Bridge wanna go down
Like London London London
Wanna go down like
London London London
Be going down like

How come every time you come around
My London London Bridge wanna go down
Like London London London
Wanna go down like
London London London
Be going down like

When I come to the clubs, step aside
Pop the seeds, don't be hating me in the line
V.I.P because you know I gotta shine
I'm Fergie Ferg

And me love you long time

All my girls get down on the floor
Back to back drop it down real low
I'm such a lady but I'm dancing like a ho
Because you know what, I don't give a fuck
So here we go!

How come every time you come around
My London London Bridge wanna go down
Like London London London
Wanna go down like
London London London
Be going down like

How come every time you come around
My London London Bridge wanna go down
Like London London London
Wanna go down like
London London London
Be going down like
